

WODGiK portal

The WODGIK portal application is the external access point to the PZGIK Management System within SIPWW.

It supports the following activities, by which it is meant to support both external and internal users of the SIPWW:

- Free browsing and searching of spatial data included in the spatial data themes listed in the annex to the Spatial Information Infrastructure Act of 4 March 2010 (Journal of Laws of 2018, item 1472) by external users,
- Submission of requests for access to resource materials in accordance with the regulations
- Downloading of resource materials,
- Online payments,
- Submission of geodetic and cartographic works,
- Acceptance of results of surveying/cartographic work.
